The Cleaning Solutions Inc. Neutral Cleaner NC-1000

New Product

Description:

Neutral Cleaner NC-1000 is a biodegradable, non toxic, non flammable, non alkaline, highly effective, hard surface or rubber cleaner formulated with three biodegradable surfactants designed specifically to neutralize, suspend and remove heavy soils from rubber, concrete, PVC, rubber, epoxy floors or on floor finishes. The NC-1000 will not dull today's "wet look" floor finishes. No free ammonia, alkali, acid, phosphates or abrasives.

Uses:

The NC-1000 is designed to clean all hard floors, such as vinyl tile floors, rubber tiles, ceramic tiles, and painted epoxy surfaces. The product will not affect the electrical properties of any ESD floor. In fact, because it neutralizes and reduces surface tension in many cases the floors will be rejuvenated to their original electrical resistance and tribogenerative properties.

Physical Properties:

Concentrate pH:	6.5+/- .1
Use Dilution pH:	6.7+/- .1
Color:	Yellow
Density:	8.45 lb. per gallon.
Flammability:	Non Flammable.
Shelf Life:	1 year 71 ° F 30 days @50 °F.
Stability:	Freeze thaw stable- 3 cycles.
Odor:	Clean fresh, lemon fragrance.
Coverage:	1500 square feet/ gallon at use dilution.

SAFETY INFORMATION

Health	0
Flammability	0
Reactivity	0
Personal Protection	0

Directions:

1. Sweep or dust mop area to be cleaned.
2. Mix 2-8 ounces of NC-1000 with one gallon of water.
3. To clean floors, using a automatic scrubber or mop, soiled areas thoroughly using the made up solution of NC-1000. Apply cleaning solution liberally, but do not flood. Allow solution to set for approximately five minutes, then agitate the solution with a buffing machine. Remove soiled solution with a mop or wet vac. Damp mop with clean water.
4. For cleaning other hard to clean surfaces NC-1000 can be wiped on or sprayed on the surface to be cleaned followed by wiping the surface with a clean cloth, towel or machine. Use clean water to remove any residual cleaner.
5. Always test the surface with a test sample to see if there is any detrimental affect of the cleaner on the surface, either aesthetically or electrically.

CAUTIONS:

Eye protection

Avoid contact with skin and eyes. Gloves and eye protection are recommended.

KEEP OUT OF REACH OF CHILDREN.

Emergency Actions:

For external skin contact, remove contaminated clothing and immediately flush skin or eyes with cold running water. If eye is contacted, seek immediately medical assistance. If ingested induce vomiting. Seek medical assistance at once. Maintain normal body temperature to avoid shock. Gloves are recommended when using this product.
