

DOMLab

Certificate of Compliance

DOM lab *Certified that the Static Control ESD Footwear by*

Production Automation Company

It has been tested and accepted in conformance to specifications:

TR53 is the Compliance Verification Standard. ANSI/ESD STM9.1-2022
ESD Association Standard Test Method for the Protection of Electrostatic Discharge
Susceptible Items – Footwear – Resistive Characterization

Standard:

Product Type:

ESD Footwear - Model

SP 1211

Condition test:

Low Humidity 15% HR-48 hours & Moderate Humidity 50% HR-48 hours

Summary of the Test:

Low Humidity 15 % HR

Moderate Humidity 50% HR

Resistance RPTG Avg:

9.80 x1 0E5 ohms

9.6.0x 10E5 ohms

Resistance RPP Avg:

1.09 x 10E6 ohms

1.07 x 10E6 ohms.

Test Equipment:

SCS Kit 770760

ETS Environment Chamber Model 5532

Calibration date:

Jan 23 , 2023

Tested by:

Andres Molina

Certificate Support:
