

CLARIANT CARGO & DEVICE PROTECTION

Protection throughout the supply chain

Clariant Cargo & Device Protection is a leading provider of innovative packaging and cargo protection solutions to help safeguard goods during transportation and storage. With over 80 years of experience and a global presence, we offer a complete portfolio of desiccants, oxygen absorbers, humidity indicators, and VOC adsorbent solutions that help prevent the harmful effects of

- moisture
- oxygen
- off-gassing of volatile organic compounds

Our experience stems from decades of helping protect goods throughout the supply chain

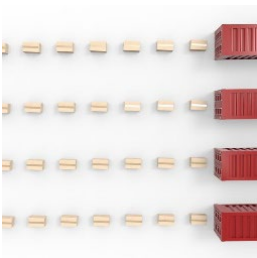

- desiccant solutions since 1983
- humidity indicating technologies since 1948

We have a worldwide network of state-of-the-art manufacturing sites in Brazil, China, Indonesia, Turkey, and the United States, ensuring our products' secure supply and availability.

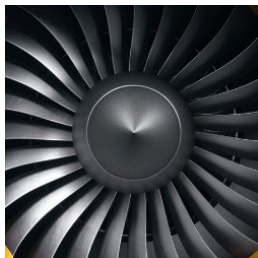

Our manufacturing facilities maintain ISO 9001 Quality Management System, ISO 14001 Environmental Management System, and ISO 45001 Occupational Health & Safety Management.

Industries we serve

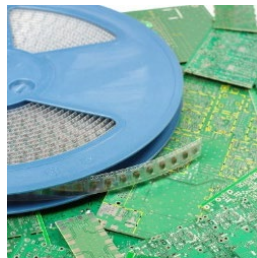

We have a long history of serving a wide range of industries around the world:

Intermodal Transport and Packaging

Aerospace and Defense

Electronics and Semiconductors

Food

Health and Personal Care

BUSINESS SEGMENT
CARGO & DEVICE PROTECTION
 BU ADSORBENTS & ADDITIVES

Protection throughout the supply chain

Solutions

At Clariant Cargo & Device Protection, we are dedicated to innovation that places special emphasis on sustainability. Our solutions make an important contribution to conserving valuable resources and reducing waste. We strive to develop products that meet the evolving needs of our customers while minimizing our environmental impact.

Our products undergo stringent product quality testing to ensure consistent quality and reliability.

Container Dri™ II

Container desiccants protect cargo from the damaging effects of moisture during shipping and storage. Container Dri carries the Clariant EcoTain® label for products with outstanding sustainability advantages.

Desi Pak™ & Desi Pak™ ECO (bentonite clay) Sorb-It™ (silica gel) Tri-Sorb™ (molecular sieve)

Desiccant bags and packets protect goods from moisture damage when placed in a properly sealed package, container or enclosure.

Humitector™

Humidity indicators, desiccator plugs, and components allow fast visual inspection of the relative humidity within sealed packaging, containers, equipment or enclosures.

DESVOCANT™

VOC adsorbents help control and eliminate the accumulation of VOCs in packaging to fully loaded shipping containers.

Oxy-Guard™

Oxygen Absorbers (Oxygen Scavengers) absorb available oxygen inside food packaging to help prolong shelf life and help minimize the need for preservatives.

Desiccant Cartridges

Desiccant Cartridges provide protection against moisture related issues for a wide range of applications in containers, cases, electrical and optical devices
