

### Description

The polyurethane coating provides a secure grip in dry and slightly wet conditions and include spandex cuffs for comfort. The 13-gauge seamless knitted carbon fiber and nylon reduces static build-up on glove surface. Applications for use are, electronics, semiconductor manufacturing, and PCB handling during assembly and inspection.

### Product Features

- ESD-Safe
- Great dexterity
- Sizes: X-Small - 2X-Large
- Color: Gray with White Coating
- Surface Resistance:  $10^6$  -  $10^8$  per ANSI/ESD SP15.1
