

General Purpose Flux Remover Flux Remover C™

- Cleans no-clean and rosin flux
- Nonflammable and fast-drying
- Non-corrosive
- No residue/no rinsing
- Safe on most plastics
- ESD-safe
- Suitable for use in vapor degreasers
- MicroCare TriggerGrip™ cleaning system compatible

Product Information

General Purpose Flux Remover *Flux Remover C™* is a versatile cleaner effective on no-clean and rosin fluxes in benchtop and bulk cleaning applications. This powerful, nonflammable cleaner is fast drying and easy to use. Recommended for cleaning all types of electronics including thru-hole, SMT, BGA boards as well as hybrids, cables, and connectors, it is little wonder the General Purpose Flux Remover *-Flux Remover C* is used by electronics assembly lines and repair depots throughout the world.

With excellent health/safety ratings and azeotropic properties, General Purpose Flux Remover *-Flux Remover C* offers advantages over competing nonflammable choices because it remains nonflammable in both liquid and vapor phases. This allows a user to specify one cleaner for benchtop as well as vapor degreaser or heated system applications.

Safe on components, nylon, epoxies, polyethylene, polypropylene and PVC. May affect polystyrene and polycarbonates. Test before use on plastics.

Aerosol users may dispense directly from the can or with the optional MicroCare TriggerGrip™ cleaning system for faster, safer and more economical cleaning of printed circuit boards at the work bench.

AVAILABILITY: Stocked locally by MicroCare distributors world-wide. Contact MicroCare for a distributor near you. For more information contact MicroCare directly or visit www.MicroCare.com.
