

## Tech Brush - Aluminum Handle

2040-2043

Techspray's TechClean brushes are made of premium grade materials. Don't be fooled by cheap imports. The bristles on our cleaning brushes are securely stapled in place, eliminating loose hairs.

### Groundable metal handle with ultra-secure bristles

Conductive brushes will act as a conduit between the charged surface and the path to ground. Made with fully conductive materials that are active static eliminators, your choice becomes the style and size that best works for you.

Please use these brushes with a wrist strap or other mechanism to provide a path to ground.

- High quality USA made
- Bristles securely stapled to prevent bristle loss
- Eliminate contamination due to bristle loss
- Anodized aluminum handle -- strong & splinter free
